Parent's/Guardian's Permission to Apply Sunscreen/Insect Repellent to Child

Name of Child _____

As the parent or guardian of the above child, I recognize that too much sunlight may increase my child's risk of getting skin cancer someday. Therefore, I give my permission for my child to have sunscreen product SPG 15 or higher, as specified below, when he or she will be playing outside, especially during the months of March through October and between the daily times of 10 AM and 4 PM while he/she is in the care of Sugarbaby's Childcare Center. I understand that sunscreen may be applied to exposed skin, including but not limited to the face, tops of the ears, nose and bare shoulders, arms, and legs. I have checked all applicable information regarding the type and use of sunscreen for my child.

☐	I do not know of any allergies my child has to sunscreen.
☐	Staff may use the sunscreen of their choice following the directions of recommendations printed on the bottle
☐	I have provided the following brand/type of sunscreen for use on my child
☐	My child is allergic to some sunscreens. Please only use the following brand(s) and type(s) of sunscreen _____
☐	For medical or other reasons, please do not apply sunscreen to the following areas of my child's body: _____
☐	Do NOT apply sunscreen to my child

As the parent or guardian of the above child, I recognize that some insects may sting my child during outdoor play. Most insect repellents are effective for preventing bites by mosquitos, ticks, fleas, chiggers, and biting fleas. They have almost no effect on stinging insects such as bees, hornets, and wasps. Therefore, I give permission for my child to have an insect repellent product that contains no more than 10% DEET for children under the age of 2 years or containing up to 30% DEET for children over the age of 2 years applied while he/she is in the care of Sugarbaby's Childcare. Insect repellents containing 10% DEET provide protection but require reapplication every 1-2 hours to remain effective. I understand that insect repellent may be applied to exposed skin. I have checked all applicable information regarding the type and use of insect repellent for my child.
